Forecast for Thursday 10 Sep 2020

Weather: Dry overnight with long clear spells, perhaps a few low level mist and fog patches developing. Then a largely fine day with some good spells of sunshine, especially through the morning. Cloud bubbles up for the afternoon with the risk of a few showers developing.

Chance of cloud free mountain/hill tops above 700m: Close to 100% at first with little or no cloud below the summits falling to 80% in afternoon with occasional cloud developing above 700m.

Visibility: A few early low level mist and fog patches, otherwise very good, with only temporary minor reductions in any showers.
